EDUCATION

2022 Aug - present Bachelor's Program at **KAIST**
2025 Jan - 2025 Aug Exchange Student at **EPFL**

WORK EXPERIENCE

KAIST Vision and Learning Lab Jan 2026 - Current

Research Intern - South Korea

Research in multimodal distillation of vision-language model. Advised by Prof. Seunghoon Hong

EPFL AI Team Jan 2025 - June 2025

Deep Learning Engineer - Switzerland

Participated in fine-tuning a vision model for face emotion recognition.

Superconducting Quantum Nanoelectronics Laboratory June 2024 - Aug 2024

Research Intern - South Korea

Research in adaptive quantum state tomography. Advised by Prof. Eunsung Kim

AWARDS

Lemanic Life Science Hackathon

Scientific Excellence Award - Switzerland

Devised machine learning pipeline that achieved 90% test accuracy across 400+ plant genera classification, supporting scalable biodiversity analysis.

TECHNICAL SKILLS

Programming Languages PyTorch, OpenCV, Git, Django, C, Rust

EXTRACURRICULAR

2023 Aug - 2023 Dec Vice President, KAIST Kumdo Club

2024 Jan - 2024 Dec President, KAIST Kumdo Club

2025 Mar 1st Place, AI x Precision Medicine Ideation Sprint (EPFL)

LANGUAGES

English IELTS 8.0 / 9.0, TOEIC 965 / 990

Mandarin HSK 5

Korean Native
